Within the last few years, Just For Kix has expanded to offer separate jazz classes for those dancers wanting to take a dance class more than one hour per week. This jazz class is secondary-meaning that a Core Kick class must be taken as well. The only exception is if you are on the high school dance team. Our core classes by definition are the fundamentals. It is in core classes that the students learn the basics that will be required to move further in our other class offerings. Our jazz classes are the next step. We expect the dancers taking these classes to have an understanding of the basics. We do not want these classes to be a repeat of the fundamentals but rather a continuation for dancers who wish to take their dancing to the next level. By making the core classes a requirement, it assures the dancers in these classes are dedicated as they have made a commitment to additional studio time. This allows the instructors the ability to move along at a more rapid pace, knowing that what they are teaching is being reinforced in classes offered at least one hour per week. The increase in dance time, allows the dancer to further their flexibility and strength which is necessary to master more difficult skills.
